Pick-up trucks, large tractors, or similar vehicles are not permitted. The participating Band and its school are liable and will be held responsible for any damage to a Performance Field or venue caused by violation of these policies and/or actions of the operators.
- 9.2 The following are NOT ALLOWED in a Performance or on the Performance Field:
- Any equipment, object, or material (including, but not limited to debris, powder, water, or other liquids) that may cause damage to the Performance Field, that presents a safety hazard, or that disrupts the scheduled flow of the contest.

 - Lights-out routines
 - Animals
 - Off-road mechanized vehicles (defined as golf carts, garden tractors, small ATV's, etc.)

9.4 Props built and/or used by participating bands at Western Band Association events shall be limited to a maximum height of 12 feet (including safety or other railing or equipment). No participant may be, or be placed on, any portion of any prop where the participant's feet are more than six (6) feet above the playing surface of the stadium, unless appropriate safety railing and/or other safety equipment are in place and in use.

The Chief Judge shall at all times have the authority to prohibit the use of any prop or equipment that they believe presents an unreasonable or unacceptable risk of injury or harm to participants or others or potential danger to a venue or its property.

PENALTY – At the discretion of the Chief Judge, including (but not limited to) prohibition of the use of over-height/unsafe prop(s) or disqualification. Such penalty shall be assessed based on a number of factors, including the height, number, and/or type of equipment subject to penalty and the possibility of a safety or property damage issue arising from the use of such equipment.

NOTE: WBA strongly recommends that Bands and their teachers use the utmost caution and forethought in planning and use of props and equipment that might place participants and others in potential danger during assembly or use. Directors are encouraged to contact WBA to inquire about the use of particular equipment or materials when its permissibility under this section may be in question.

9.5 Prop assembly must be done within the directed flow during the Band's allotted time for arrival, unload and warm-up. No additional setup/tear down time will be allowed. Prop disassembly and removal must not be disruptive or hindering the next performance or performance area of the next Band. (See Rule 6.7 for penalties for delay of contest)

9.6 Because WBA is a guest at our host stadiums, additional stadium and/or venue specific policies may be in effect. WBA will identify and include known restrictions/limitations in pre-contest communications. However, any concerns expressed by the stadium management onsite will be addressed and must be acted upon and complied with by the participating Bands.

PENALTY – For rule(s) violation and/or failure to comply with venue directions, at the discretion of the Chief Judge, up to and including disqualification
