Proposal #5 - Withdrawn

Competing Bands should be placed in classes based on ability rather than membership size to allow for a better experience for all bands participating.

Proposal #6 – Passes (22-9-5)

The current WBA Classification for 3A and 4A are as follows. 3A - 81-100 (Range of 20) and 4A - 101-140 (Range of 40). My proposal would be to change the class sizes to the following. 3A - 81-110 (Range of 30) and 4A - 111-140 (Range of 30).

Proposal #7 – Passes (18-11-7)

The membership of a marching band and color guard must consist of students that attend the school that is competing. The only exception would be allowing students from the same district to participate in a marching band if their home school does NOT have a competitive field band. Those students must be enrolled in the band program of their home school and must have permission from the home school band director. Students outside of that district would NOT be allowed. Private schools would NOT be allowed to use any other students other than students enrolled at the school.

Proposal #10 – No second; Proposal fails

Use the BOA model for awards between prelims and finals.

- At Prelims - No Scores are announced.
- Top 3 in each class and the caption award winners for each class are announced.
- The finalists would be announced in random order.
- The finalist directors draw numbers for placement in finals.
- 5 lowest scores draw for 11-15
- Middle five draw for 6-10
- Top 5 would draw for 1-5.
- No recaps or scores would be released for prelims or finals until after grand championships, including no access of recaps for judges before grand championships.

Proposal #11 – Passes (20-6-10)

I propose that we re-instate the individual music judge for all classes for the entire season. I further propose that the individual music be allowed to evaluate all musical performers including percussion.
